

Total Bin Solutions

MASTEC Australia has been leading the way in waste industry technology for over thirteen years. From its state-of-the-art bin manufacturing facilities and custom hot-stamping operations, through to its fully-integrated national bin assembly and distribution services, Mastec can provide a 'Total Bin Solution' to meet your needs.

From major metropolitan contracts through to small regional services, we deliver - taking the stress out of bin distribution.

Services Include:

- Bin Manufacture
- On-site Assembly Services
- Bulk Deliveries and Distribution
- Household Lid Changeover and Divider Removal
- Household Distribution Services
- Asset Registration and Database Management

The Leading Edge in Waste Management
